CONTEST RULES

Topic: Essays on any aspect of "fresh" water issues in western Canada are accepted. "Fresh" water is defined as including creeks, rivers, lakes, wetlands, ground water, aquifers and estuaries (but does not include the "ocean"). "Western Canada" means BC, Alberta, Saskatchewan and Manitoba. We encourage policy and discussion-oriented essays rather than purely data-oriented submissions.

Who Can Enter: Undergraduate students enrolled in (or just completing) a degree, diploma or certificate program at an accredited post-secondary institution in British Columbia or Alberta.

Word Limit: A maximum of 3500 words (not including footnotes, endnotes or bibliography).

Can I Submit a Term Paper? Yes, providing you edit it to comply with the word limit noted above and follow the approved referencing and citation system used by your institution.

Submission Date:
Oct 1st 2016 - May 24th 2017 (Midnight PST)
